Regular Park Board meeting was opened by Mr. Michael Weise. Upon motion by Mr. Jeff Parks, seconded by Mr. Ken McFadden and carried unanimously, minutes of the March 28, 2016 meeting were approved as written.

Mrs. Lisa Ghezzi spoke with the Park Board concerning things she would like to see begin happening at the Easton Point property and hoping to see movement begin on having a park on the property. Members of the Park Board understand nothing will happen until necessary criteria have been met, such as the bridge being built.

Mr. Van Emburgh brought the Park Board up to date on progress of lighting at the sports complex. Musco Lighting is the general contractor. Anthony and Easton Club are the two fields that will be lit. The electrician will be Fluharty Electric. Aerial Crane will set the poles. The plan is to do a direct drill instead of open trenches.

Mrs. Gould spoke to the Park Board concerning usage of the park open space areas for sport activities. Although the Board is very much in favor of having the park space used, it should not be used by groups to charge a fee for activities done in a Town of Easton park.

Next meeting scheduled for Monday, May 23, 2016 at noon.

No more business brought before this meeting.

Upon motion by Mr. Otis Sampson, seconded by Mr. Ken McFadden and carried unanimously, the meeting was closed at 1:10 p.m.

Respectfully submitted,

Lorraine Gould, Director of Parks and Recreation, Town of Easton
