Part 5: Permit Information

Upon receipt of the Permit the permit shall be posted on site and work covered by that permit may commence. Every permit issued shall become: invalid unless the work is commenced within 180 days after the permit's issuance or expired if the commenced work is suspended or abandoned for a period greater than 180 days from the last inspection. Validation of commencement shall be through required inspections and, suspension or abandonment shall be through periodic departmental inspections. All permits shall expire 630 days from the date of their issuance. The Code Official is authorized to grant, in writing, one or more extensions of time, for periods not exceeding 90 days each. All extension shall be requested in writing with justifiable cause demonstrated. One set of approved Construction Documents must be on site at all times.

It shall be the duty of the Contractor in charge or their duly authorized agent to: notify the Building Inspection Division when work is ready for inspection, to provide access to such work and means for the inspections of such work, for all required inspections. Inspection requests shall be made twenty-four hours in advance of the work being ready. Requested inspections will be made on the next available business day, prior to the end of business. Work shall not be done beyond the point indicated in each successive inspection without first obtaining the approval of the Building Inspection Division.

No pool shall be used until the Code Official has issued a Certificate of Completion. Prior to the issuance of a Certificate of Completion, the Building Inspection Division shall have received the required approval from the Planning and Zoning Office and the Safety Barrier shall be completed. All required inspections for Grading, Plumbing, Mechanical and Electrical permits associated with the pool or spa or portion thereof shall have been approved. The pool contractor is responsible for erecting and maintaining a protective safety barrier around the site during and after pool construction until a perminate safety barrier is completed. The pool contractor shall notify the Town of Easton Building Inspection Division when water is introduced to the pool.
