TOWN OF EASTON BEGINS TREE INVENTORY

EASTON, MD, May 16, 2013— Arborists from Davey Resource Group, a division of Davey Tree Expert Company, have been commissioned by the Town of Easton to perform a public tree inventory starting mid-May. The arborists will be out with backpack GPS units collecting data on approximately 4000 trees along about 70 miles of public streets. The data, as well as additional information, will be used to develop a Comprehensive Forestry Program for the Town of Easton. Funding was obtained from the National Fish & Wildlife Chesapeake Bay Stewardship Fund. The project will be completed by January 2014.
